

Disposal of CICADUM and MEDSOFT

Caissargues, June 9, 2025

Bastide Groupe announced today the disposal of its French subsidiaries, Cicadum, 51%-owned, (signing subject to financing condition precedent) and Medsoft, 100%-owned, both specialized in stomatherapy. The two subsidiaries have been sold to their founders.

In 2023-2024 fiscal year, Cicadum and Medsoft generated combined revenue of €11 million.

The transaction, settled in cash, will have an accretive impact on the Group's margins and will contribute to reducing Bastide Groupe's net debt. The Group continues to assess potential divestments of assets that no longer align with its strategy or that could unlock the value created by the Group.
